

# 10th PhD School Plant Development

Oct 04-06, 2017

<https://www.plant-development.org>

Congress Center Benediktushöhe  
Zellingen-Retzbach, Germany

**Registration Deadline:** Aug 11, 2017

**Registration Costs:** 199 Euro  
(includes accommodation, meals, and  
conference dinner)

## Organizing Committee:

Markus Schmid (U Umeå)

Kay Schneitz (TU München)

Rita Gross-Hardt (U Bremen)

Plant developmental biology is an exciting and fast moving field, which has seen many breakthroughs over the last decades. The PhD School Plant Development provides a venue specifically for young scientists to discuss their data with peers as well as with leaders in the field in an intimate and friendly atmosphere.

The conference consists of ten sessions, each introduced by an internationally renowned keynote speaker. Sessions cover vegetative development from roots to shoots, reproductive development from flowering to fertilization, embryogenesis and seed formation, hormone signaling, epigenetics, evolution, and synthetic biology.

## Invited Speakers:

Karen Alim (MPI Göttingen)

Isabel Bäurle (U Potsdam)

George Coupland (MPI Cologne)

Thomas Dresselhaus (U Regensburg)

Jose Gutiérrez-Marcos (U Warwick)

Simona Masiero (U Milan)

Moritz Nowack (U Ghent)

Ben Scheres (U Wageningen)

Rüdiger Simon (U Düsseldorf)

Miltos Tsiantis (MPI Cologne)

The conference will take place at the congress center "Benediktushöhe" in Zellingen-Retzbach, near Würzburg, Germany ([www.benediktushöhe.de](http://www.benediktushöhe.de)). The venue is centrally located and can be easily reached by train from throughout Germany, including central international airports such as Frankfurt Airport or Nürnberg. Benediktushöhe provides a professional seminar venue with nice rooms, excellent catering and a friendly and professional atmosphere.

We are looking forward to meeting you at Zellingen-Retzbach.

Markus Schmid, Kay Schneitz and Rita Groß-Hardt
