

## Postdoctoral position in plant sciences

- Position: We are seeking a highly motivated **postdoctoral fellow** to join our research on the molecular mechanisms in plant phosphate transport. Our research team is located in the BioCentre, a newly established integrative research and teaching facility for biological sciences at the University of Cologne providing excellent research infrastructure.
- Requirements: The ideal candidate has a strong publication record with a focus on plant nutrient transport and expertise in molecular physiology and plant genetics. A successful grant application is a strong plus.
- Starting date: The position is available immediately.
- Duration: 3 years plus.
- Salary: according to federal guidelines (TV-L E13).
- Application: Applications should include a *curriculum vitae*, list of publications and the names and telephone numbers of three references.
- Deadline for application: Applications will be accepted until the position is filled.
- Inquiries and address of application: Prof. Dr. Marcel Bucher
