

Posterpreise Botanikertagung 2015

Folgende Pflanzenwissenschaftlerinnen und Pflanzenwissenschaftler erhielten je einen der Preise, mit denen herausragende Poster prämiert wurden^{*)}

Poster 25: **Marten Moore**

"Fast retrograde signaling in response to high light involves rapid reloading of ribosomes in favor of stress responsive proteins"

Poster 34: **Cornelia Eisenach**

"A vacuolar anion channel involved in stomatal closing"

Poster 58: **Kira Tiedge**

"Regulation of nectar composition in day- and night-flowering tobacco plants"

Poster 59: **Sabine Marschollek**

"The regulation of expansins in *Arabidopsis thaliana* during *Plasmodiophora brassicae* infection"

Poster 100: **SajidAli Khan Bangash**

"Secondary active transport of glutathione across the plasma membrane"

Poster 103: **Dominik Ziehe**

"Characterization of chloroplast signal recognition particle (SRP) subunits in *Physcomitrella patens*"

Poster 125: **Jan de Vries**

"Cytokinin-induced promotion of root meristem size in the fern *Azolla* supports a shoot-like origin for euphyllophyte roots"

Poster 127: **Pierre-Francois Perroud**

"DEK1 domain functions in *Physcomitrella patens*"

Poster 162: **Simon Fraas**

"Elucidating auxin signaling by high throughput and resolution phenotyping of auxin growth responses"

Poster 196: **Marion Eisenhut**

"Identification of plastid manganese transporters in *Arabidopsis thaliana*"

Poster 204: **Agus Chahyadi**

"Engineering of *Arabidopsis thaliana* with rosmarinic acid synthase gene"

Poster 237: **Karen Zinzus**

"In vitro characterization of calredoxin - a novel calcium-binding redox protein in *Chlamydomonas reinhardtii*"

^{*)} in der Reihenfolge der Posternummern des Abstract-Bandes
