

## Postdoc position in chemical ecology

A Postdoc position is available in the group of *Chemical Ecology* at *Bielefeld University* to study the role of chemical diversity in plant-insect or plant-microbe interactions (e.g. with regard to plant invasions or global change) by using chemical analytical and/or molecular techniques, bioassays, field assays and statistical analyses.

### We offer

- Salary according to Remuneration level 13 TV-L
- Full-time position for 3 years, extension for 3 years possible
- Internal and external training opportunities
- Collegial working environment
- Exciting, varied tasks

### Your Profile

#### We expect

- Completed scientific university degree and PhD in biology or related discipline
- Experience in chemical-ecological and/or molecular approaches
- Profound knowledge in chemical analysis using GC-MS
- Very good knowledge in statistical analyses, applying multivariate statistics
- Publications in ecology/chemical ecology
- Independent, diligent and dedicated style of work as well as high level of teamwork
- Very good written and oral German and English skills

### Preferred experience and skills

- Experience in research on plant chemical diversity
- Experience with LC-MS
- Ecological field work

To apply, please provide (i) a letter of motivation including a statement of your research and teaching experience, (ii) a CV including publication list and (iii) names and contact details of two potential referees. **All material should be sent via e-mail as a single PDF file** to [caroline.mueller@uni-bielefeld.de](mailto:caroline.mueller@uni-bielefeld.de). Please mark your application with the identification code: **Wiss22083**.

The **application deadline is January 13, 2022** and interviews will take place shortly thereafter. The preferred **start date is April 1st 2022** but is flexible. For further information on the Department, please see [https://www.uni-bielefeld.de/fakultaeten/biologie/forschung/arbeitsgruppen/chem\\_eco/](https://www.uni-bielefeld.de/fakultaeten/biologie/forschung/arbeitsgruppen/chem_eco/) or contact Caroline Müller ([caroline.mueller@uni-bielefeld.de](mailto:caroline.mueller@uni-bielefeld.de)) with any informal inquiries.
