

CEPLAS

Cluster of Excellence on Plant Sciences

International CEPLAS Summer School 2017 - EMERGING FRONTIERS IN PLANT SCIENCES

June 5th - 9th, 2017

Sportschule Hennef, Germany

Find out about news in plant development, biochemistry
and plant-microbe interaction!

Explore science related topics in challenging workshops!

Engage with internationally renowned plant scientists!

SPEAKERS

Ian Graham

Centre for Novel Agricultural Products
(CNAP), UK

Rob Last

Michigan State University, USA

Ben Blackman

University of California, Berkeley, USA

Maria Albani

University of Cologne, DE

George Coupland

Max Planck Institute for Plant Breeding
Research, DE

Peter Dörmann

University of Bonn, DE

Ute Höcker

University of Cologne, DE

Eric Kemen

Max Planck Institute for Plant Breeding
Research, DE

Maria von Korff

Heinrich Heine University Düsseldorf, DE

Andreas Meyer

Institute of Crop Science and Resource
Conservation, University of Bonn, DE

Lutz Schmitt

Heinrich Heine University Düsseldorf, DE

Ulrich Schurr

Forschungszentrum Jülich, DE

Andreas Weber

Heinrich Heine University Düsseldorf, DE

Matias Zurbriggen

Heinrich Heine University Düsseldorf, DE

WORKSHOPS

Claudia Ruby

Career perspective specialized
journalist; first steps in interview
techniques

Leonid Schneider

Research misconduct; science's
selfadministered poison

Mary Williams

Communicating, networking &
career building

REGISTRATION

Deadline

February 28, 2017

Course fee

PhD students/Postdocs 80 €
