

TRAVEL GRANTS OF THE GERMAN SOCIETY FOR PLANT SCIENCES (DBG)

The German Society for Plant Sciences (DBG) provides a maximum of 100 travel grants of up to 350 EUR.

REQUIREMENTS

- You are a member of the DBG (membership applications are possible any time; the membership fee for the first two years is only 20 EUR per year)
- You are a young scientist without holding a full position
- You work on a topic of plant science
- You will present a poster or giving a (short) oral presentation
- Duplicated financial support is excluded

APPLICATION

Fill in the travel grant application form. You can find the form in the intranet of the DBG, login details are available for members.

DEADLINE: Latest 24 May

DECISION

You will get an email confirming the submission of your travel grant application and will be informed about the success in due time.

PAYMENT

Shortly after the end of the conference travel grant submitters will receive a form to indicate their expenses. Furthermore, a statement regarding additional financial support from the institute/department or third party has to be submitted.

DSGVO: With the submission of your form you agree that your personal data will only be used for the travel grant awarding. Your data will be deleted after the mandated time.

GENERAL INFORMATION

VENUE

University of Bonn
Main building
Regina-Pacis-Weg 3 | 53113 Bonn | Germany

CONFERENCE WEBSITE

www.botanik-tagung.de

HOSTING SOCIETY

German Society for Plant Sciences (DBG)

CONFERENCE CHAIR

Prof. Dr. Andreas Meyer
University of Bonn | INRES – Chemical Signalling

SCIENTIFIC COMMITTEE

Andreas Meyer	Claudia Knief
Gabriel Schaaf	Volker Knoop
Armin Djamei	Annaliese Mason
Peter Dörmann	Veronica Maurino-Lercher
Rochus Franke	Ute Vothknecht
Frank Hochholdinger	

INDUSTRIAL EXHIBITION

The conference will be accompanied by a specialised industrial exhibition. Interested companies are invited to requested information from the conference organiser Conventus.

ACCOMMODATION

We have reserved some rooms at special rates in Bonn. For further information, please visit the conference website www.botanik-tagung.de.

BOTANIK-TAGUNG

International Conference of the
German Society for Plant Sciences

2022 BONN

28 AUGUST–01 SEPTEMBER

Dear colleagues and friends,

We are back! Delayed by one year, we are now able to organize and run the next International Conference of the German Society for Plant Sciences (Botanik-Tagung 2022) as an in-person conference. On behalf of the German Society for Plant Sciences, I would like to invite you to Bonn for a lively exchange on the latest discoveries in plant sciences.

For more than 200 years, plant research has been a key research area at the University of Bonn, both at the basic level and as an applied science in agriculture. Plant research in Bonn is connected with names like Julius von Sachs, Wilhelm Pfeffer, Robert Caspary and of course Eduard Strasburger, who all worked in Bonn and set footprints that we still see today. Drawing on the spirit of translational research that has been established in Bonn for two centuries, the organizing committee put together a conference program that emphasizes the importance of Plant Sciences for a Sustainable Future in 8 plenary talks, 21 symposia and a number of workshops. Together with my colleagues, I would be thrilled if you take the opportunity to participate in this in-person meeting and actively engage in presenting and discussing current work and ideas in Bonn.

The City of Bonn welcomes you at the birthplace of Ludwig van Beethoven on the Rhine, a city with plenty of history and today a forward-looking, colorful, and charming international location. See for yourself what variety is offered to you here both in science and beyond!

Prof. Dr. Andreas Meyer

ABSTRACT SUBMISSION

Abstracts should be submitted according to the following conference topics. Please submit your abstracts in English language online via www.botanik-tagung.de.

Accepted abstracts will be presented either as oral presentations or as posters.

- Plant RNA biology
- Evolution of reproductive systems
- Molecular mechanisms of plant nutrition
- (R)evolution in time and space
- Applied botany for sustainability
- Development
- Plants and their microbiomes – beneficial interactions
- Algae in a changing world
- Immunity and biotrophy
- Reactive species in plant development
- Lipids and membranes
- Root biology
- Cell communication across short and long distances
- Primary metabolism
- Specialized metabolism
- Dynamics of structural and functional plant traits by non-invasive phenotyping
- Secretory pathway and the apoplast
- Synthetic biology and biotechnology
- Integrative and multiscale modelling
- Plants and human health
- Topics on the rise – miscellaneous

DEADLINE FOR SUBMISSION 14 April 2022

REGISTRATION

REGISTRATION FEES

	Early bird until 31 May	Late from 01 June
DBG-member	310 EUR	380 EUR
Non-member	400 EUR	470 EUR
Student (DBG-member)	170 EUR	210 EUR
Student (non-member)	220 EUR	260 EUR
MSc students Univ. Bonn	20 EUR	20 EUR
Industry/non-academic	480 EUR	560 EUR
Day ticket	160 EUR	160 EUR
Social programme		
Conference dinner (31 August)		
Regular		50 EUR
Student		30 EUR
Welcome reception (28 September)		
Accompanying person		15 EUR

PAYMENT AND CONFIRMATION OF PAYMENT

After your online registration you will immediately receive a written confirmation with account details that you can use for your transfer. This invoice is also used as a submission to the tax office. Alternatively, payment via online payment (immediate transfer, giro pay, iDeal or credit card) is possible immediately after your registration.

In case of bank transfers 10 working days or less before the start of the event, the transfer receipt must be presented at the check-in.
